

RAHUL PIDAPARTHI

HYDERABAD • +91-9182745442 • rahulpv333175@gmail.com

Enthusiastic and adaptable individual with a keen interest in problem-solving and a solid understanding of full-stack development concepts, including Java, SQL, HTML, CSS, and JavaScript. Possesses strong critical thinking skills and a foundational grasp of system design principles, eager to leverage these abilities in a challenging and rewarding professional environment.

SKILLS

Programming and Scripting: Java, JavaScript (TypeScript), Python, C/C++, SQL

Backend Technologies: Spring Boot, RESTful APIs, Node.js

Frontend Technologies: React, HTML5, CSS3

Cloud and DevOps: Azure, Jenkins, Docker, CI/CD, Git

Database: MySQL, PostgreSQL, MongoDB

PROJECTS

PERSONAL FINANCIAL DASHBOARD

Aug 2025

- Designed and developed a web-based dashboard to track income, expenses, and savings with interactive data visualizations..
- Implemented budget planning and goal tracking features to improve financial awareness and decision-making.Optimized data preprocessing and feature selection to improve model efficiency and reduce error rates.
- Built using HTML, CSS, JavaScript (Chart.js), Java, and MySQL with secure authentication and responsive design for accessibility across.

LOCAL PDF-READER LLM (ON-DEVICE)

May 2024

- Built an on-device LLM-powered system to ingest PDFs, create semantic embeddings, and answer user questions via retrieval-augmented generation (RAG).
- Implemented PDF parsing, chunking, and vector search for fast, accurate retrieval; used a quantized local LLM for private, offline inference.
- Tech: llama.cpp / GGUF model, Sentence-Transformers (all-MiniLM), FAISS/Chroma, Python (PyMuPDF), LangChain / LlamaIndex; optimized for CPU/GPU with quantization.

EMPLOYEE LEAVE MANAGEMENT SYSTEM

Apr 2024

- Developed a desktop application using Python and Tkinter, designed for streamlined leave approvals in hierarchical organizations.
- Packaged as an executable (.exe) file, it automates approval workflows based on role-based hierarchy.

CERTIFICATIONS

- IBM Machine Learning Professional Certificate
- Generative AI Essentials: Overview and Impact (Coursera)
- Prompt Engineering for ChatGPT (Coursera)
- Google Cloud Computing Foundation
- NPTEL Certifications: Problem Solving Through C, Programming in Java, Data Structures Through Python, Introduction to Artificial Intelligence

EDUCATION

VASAVI COLLEGE OF ENGINEERING, HYDERABAD

Aug 2023 - July 2027

Bachelor of Technology in Computer Science & Engineering

ACHIEVEMENTS & RECOGNITIONS

- Recognized as NPTEL Discipline Star for outstanding performance in multiple certification courses.
- Contributed to the Smart India Hackathon (SIH) by designing and developing a software-based solution to address real-world problems.
